#### **ATTENDANCE**

New Jersey State Law requires that all children up to age of sixteen (16) attend school on a regular basis. It is essential that children attend school regularly in order that they may benefit fully from the school programs.

Parents are requested to call the school office whenever their children are absent. School authorities will contact parents when children are absent unless otherwise notified of the absence.

However, when children are absent from school, upon returning they are required to bring a written excuse, signed by a parent or guardian (Board Policy #5200).

Written excuses should be given to the teacher who will then forward them to the nurse. The school nurse will keep the excuse on file. Repeated absences from school will be subject to review by the Administration.

#### **SCHOOL HOURS**

Kindergarten	8:20 A.M	2:50 P.M.
Grades 1 to 8	8:20 A.M	2:50 P.M.

- 4. Students will only be released from school to parents or guardians who have legal custody of the student.

#### **ABSENTEEISM**

Some absences from school are recognized as legal excuses such as: personal or family illnesses, death in the family, and court subpoena. Absences on recognized religious holidays will be excused.

If a student attains five (5) unexcused absences in a calendar month, the parent/guardian of the student will be contacted. The contact letter, a copy of which will be placed in the student's file, will request the parent/guardian call, email, or schedule an appointment with the Chief School Administrator, Principal to determine a plan to eliminate unexcused absences.

If unexcused absences continue, further action will be taken including formal update letters placed in the student's file and reporting the student and his/her parents/guardians to the Neptune City Truancy Court whrer they will be subpoenaed to appear in court in front of the Neptune City Judge for further actions.

Students with thirty (30) or more days absent will be considered as failing for the year. however, evidence of doctor's care will be taken into consideration.

A first incident may be treated as a second or third incident depending on the student's level of maturity and responsibility and/or on specified aggravating circumstances. The administrator in charge may vary the consequences depending on the particular circumstances of an offense which can result in consequences other than those on this chart including long-term suspension, alternate placement, or expulsion.

#### **CHORUS**

#### GENERAL GOALS FOR ACHIEVEMENT IN CHORUS:

Students in grades 4-8 will have Chorus in their schedules when we begin chorus. Chorus should be a worthwhile learning experience, and therefore the members should take their work seriously.

The Educational Goals of the Chorus are to provide the members with the following:

- 1. Opportunities of working together in large groups keeping the benefit of the entire group in mind. Chorus is not the place for concentration on any individual. Everyone must work together for the good of the whole group.
- 2. The experience of performing in front of audiences of their peers, parents, and families. The ultimate purpose is to build self-confidence.
- 3. Opportunities to work on materials more difficult than the materials covered in regular classroom situations.
- 4. Experiences in the standard techniques of choral rehearsal.
- 5. Reinforcement of all materials covered in the general music class.

Chorus is a voice to the community telling what is being learned in the classroom, however, we should remember that Chorus is an educational experience for those students who have shown an interest and ability above the other students in terms of grasping musical concepts and techniques.

#### REQUIREMENTS FOR MEMBERSHIP IN CHORUS:

- 1. Proven interest in being involved in musical activities.
- 2. Ability to work toward a group goal.
- 3. Proven reliability. Students must make a commitment to continue in Chorus through the Concert Performance. Students who feel they cannot live up to this commitment should not audition for Chorus.
- 4. Parents are reminded that they also are responsible for teaching their children the importance of reliability and commitment.

Students must be available and willing to perform in the Holiday and Spring Concerts. Students should not commit to participate in Chorus if other activities will prevent concert participation.

#### **BAND/INSTRUMENTAL**

The instrumental program consists of lessons before and during school hours.

Students may begin instrumental lessons in the 4th grade and may continue lessons through 8th grade. All band instruments are taught during these lessons.

Lessons are given to students in small groups (like instruments are grouped together). Band lessons are held both before and during school.

Instruments may be supplied by parents or rented through a music store. All musical supplies (reeds, valve oil, etc.) are provided by the parent.

The Cadet Band (1st year players) and the Concert Band provide the students the opportunity to play in a band situation.

To insure the success of the program, every effort will be made to avoid conflicts with other school activities; however, there will be times when lessons must be canceled due to meetings or other schedule conflicts.

#### **PLEASE NOTE:**

Learning to play a musical instrument takes a great deal of time, effort and a sincere commitment.

Only students who are serious about learning to play an instrument should begin lessons.

Band rehearsal will be scheduled in the morning so all members shall be able to participate. The band schedule may vary.

Further information will be provided through school notices.

#### **HARASSMENT, INTIMIDATION, AND BULLYING (HIB)**

The Neptune City Board of Education prohibits acts of harassment, intimidation, or bullying of a pupil. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment. Since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

"Harassment, intimidation, or bullying" means any gesture, any written, verbal, or physical act, or any electronic communication whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated by an actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds in cases in which a school employee is made aware of such actions."

HIB incidents have the effect of: physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; insulting or demeaning any student or group of students; creating a hostile educational environment for student.

Policy #5512 Harassment, Intimidation, and Bullying is posted in its entirety on the district website at <a href="https://www.neptunecityschool.org">www.neptunecityschool.org</a>. A copy of the 21-page policy will be provided to you upon request. The following individuals may be contacted for inquiries or to report an incident in reference to the HIB Policy:
