

Dear Parents,

In the event of school closure, we have put together weekly packets to keep your child up to date on learning. All activities are labeled by week so please follow accordingly. In addition, for those with internet access, work has been assigned on various online platforms. All login information is included. Please continue to complete reading logs the same as in the past. In addition, students should do at least 20 minutes of reading daily. Talk to them about what's happening in the book and ask questions along the way. This can be done with hard copies of books or online via Epic! (information is below). All work should be completed and brought back upon the reopening of the school.

We will be using [classdojo.com](https://www.classdojo.com) as our main communication hub (sign up information is included in your packet). On this site/app you can send messages, upload photos, or ask questions. We will also be checking e-mail regularly.

Listed below are online resources that we have set up for each student (login information is included in your packet). Links will also be posted on our websites which can be found through the school homepage www.neptunecityschool.org

If you have any questions, please feel free to ask!

Miss Rizzo Lrizzo@neptunecityschool.org

Miss Paulowsky Bpaulowsky@neptunecityschool.org

Class Dojo <https://www.classdojo.com/signup/>

This will be our main site for communication with you and for you with us.

Prodigy <https://play.prodigygame.com/>

This site will help with math comprehension. Students should take the placement quiz first (independently so there is an accurate representation of student level). Then play as desired.

enVision Math www.pearosnrealize.com

This site is linked to the math program we use in the classroom. Lessons will be assigned with a due date. There are also games on the site.

Scholastic News www.scholastic.com/sn1

You will be able to access the scholastic news magazines as well as videos and games. Paper copies are also included in the folders along with comprehension activities.

Epic! www.getepic.com/students

Here you can find a variety of books. We have assigned some to each student but you can also explore other books that might be of interest. Please read assigned books first. This can be part of your child's daily reading requirement.
